

# "YE BURQA ZIMETA"

Selam all

Please distribute this book by the divisive former TPLF cadre Tesfaye Gebreab so that all those who have not read this book may be able to appreciate the extent to which the ethnonationalist Tigrean minority regime has gone to inflame hatred among the two major ethnic groups of Ethiopia. Please distribute it with the following text.

Dear Ethiopian compatriots!!!!

For all those who have not read the divisive book of Tesfaye Gebreab which was meant to incite Oromos against Amharas, here is the link to access the book. Just click the following link and click again "downloaden" which amounts "download". Then you see the content of the book. Please have the courage to read it till the end and while reading this book please try to overcome the disgust you may feel by the hate literature contained in the book. Read it till the end and judge the content for yourself. Unless we understand the mindset of ethnonationalists who advocate the politicization of ethnicity in Ethiopia, we cannot understand and appreciate the forces of destruction that are poised to destroy the pan-Ethiopian identity of Ethiopia many Ethiopians cherish. All those who read this book would hopefully appreciate the extent to which the Tigrean minority government has gone in inciting Oromos to rise up against Amharas. What transpired in Arba Gugu, Wellega, Bedeno, etc was precipitated by such divisive propaganda literature which had the force of an official TPLF government fiat and sanction to say the least. Reading Tesfaye Gebreab's recent work "Ye Gazetegnaw Mastawasha", one does not get the idea that this former TPLF cadre even regrets the fact that produced such a divisive book while loyally serving his Tigrean masters. On pages 55 and page 76 of this book there are very inflammatory sentences written in Oromo language which are meant to incite the Oromos against Amharas dotted in parts of the Arsi region. We will try to translate these sentences and make them understandable and accessible to those who do not understand the Oromo language. We will subsequently make available the ethnicist and inflammatory work of a Tigrean ethnonationalist by the name of Ato Gebre Kidan Desta who authored a book entitled " YE TIGRAY HIZBINA YE TIMKIHETEGNOTCH SERA KE TILANT ESKE ZARE " . By presenting the hate literature which is being oozed by ethnonationalists of all hues and cry, we hope we will throw light on the danger which ethnic federalism as espoused by TPLF and the part of the opposition now regrouped under the MEDREK group and groups like OLF/ONLF are posing to the existence of Ethiopia as a nation.

We wish you good reading.
