

COMMEMORATION OF 2013 DARK NOVEMBER

(1 year of Commemoration of the Ethiopian women and men killed in Arab countries)

As your tears flow from your face
Frustration building up in your heart
As your employer doesn't give you respect!
It gets too much!
You ask why me? What did I do to deserve this?
The only thing I want to do is help my family!

As your speech and cries are not heard by your employer, day by day, night by night
When all your hope is gone, NOTHING SEEMS TO GO RIGHT

The world hears your cries, hears your pain, understands your frustration
People try to help but the "Government" is too selfish to try
You are not alone!!!

But as your souls go to heaven and you're looking down from the skies
ALL ETHIOPIANS remember Dark November until you get justice!!!

Your employer will suffer as you suffered even though they feel like their invincible or untouchable
God always pays back for innocent people who were hurt or killed
Your souls will always be in our hearts and we will fight until justice is done!!!
Sooner or later, God will do justice for them!!!

Rest In Peace
